

Hello
Uday surya

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 6+ years of experience building modern, responsive, and high-performance web applications using React, Next.js, TypeScript, and JavaScript. Experienced in developing reusable component libraries, implementing state management solutions, optimizing application performance, and collaborating with UX designers and backend teams to deliver exceptional user experiences. Passionate about creating scalable frontend architectures and accessible web applications.

TECHNICAL SKILLS

Programming Languages

JavaScript • TypeScript • HTML5 • CSS3 • SCSS

Frontend Frameworks

React • Next.js • Redux Toolkit • React Query • Vite

Styling

Tailwind CSS • Material UI • Bootstrap • Styled Components

Testing

Jest • React Testing Library • Cypress

Build Tools

Webpack • Vite • Babel • ESLint • Prettier

Backend Integration

REST APIs • GraphQL • Axios • WebSockets

Cloud & DevOps

Azure Static Web Apps • Vercel • Netlify • GitHub Actions

Tools

Git • Figma • Postman • VS Code • Chrome DevTools

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer

Jan 2022 – Present

- Developed enterprise web applications using React and Next.js.
- Built reusable UI component libraries used across multiple products.
- Improved application performance through lazy loading, code splitting, and image optimization.
- Implemented responsive layouts supporting desktop, tablet, and mobile devices.
- Collaborated with UX designers to build accessible and user-friendly interfaces.
- Integrated REST APIs and GraphQL services.
- Implemented authentication, route protection, and state management using Redux Toolkit.
- Optimized Core Web Vitals, improving page load times by over 40%.
- Configured CI/CD pipelines for automated frontend deployments.

PROJECTS

Enterprise Dashboard

- Developed a real-time analytics dashboard with dynamic charts and responsive layouts.

Technologies:

React, TypeScript, Material UI, Chart.js

E-Commerce Platform

- Built a scalable customer-facing storefront with product search, shopping cart, and checkout.

Technologies:

Next.js, React Query, Tailwind CSS

Design System

- Developed a reusable component library shared across multiple enterprise applications.

Technologies:

React, Storybook, TypeScript

Education

MONTH 2014 - MONTH 2018

JNTUH

Bachelor of Technology

Computer Science and Engineering

CERTIFICATIONS

Meta Front-End Developer Professional Certificate

React Advanced Patterns

JavaScript Algorithms and Data Structures
